## **Professional Activities Report**

Name:	
<b>Department:</b>	Email:
College:	Date:
<b>Semester Covered by PAR:</b>	
J	

Please outline your professional goals and priorities outside the classroom for the coming semester (excluding those activities directly connected to your classroom assignment). Please include your plans for contributing to the work of your department and college. Before completing this form, please check with your department chair to find out the needs and priorities of your department.

Here is a list of some of the activities in which faculty engage outside of class. Some of these are fairly routine; some are less common. We list them here simply as a reminder, to help faculty complete their Professional Activities Reports. (The PAR is a page one gives to one's department chair if teaching overload for A/C pay during the day). The list is in no particular order. Faculty may engage in professional activities not listed, and those too may be included in the PAR.
